

Go Purchasing

Go Purchasing provides the staff in the field the ability to do real time requesting of parts, record in store purchasing transactions, and approvals, with offline capability. Go Purchasing is fully interoperable and compliments other Go apps like the Go Work Management app.

Your Challenges

- Incomplete or untimely purchase requests
- Inaccurate or incomplete purchase reports
- Unknown request status
- Delays waiting for approvals

What's in it for you?

- Request parts, including catalog and non-stock parts, from the field
- Rapidly order parts assigned to an asset
- Request parts using QR or Barcode scanning
- Easily purchase parts directly from a vendor
- View status of prior requests and purchases and copy those transactions
- Get notified when requests are fulfilled
- Get notified when POs and invoices need your approval
- Approve Purchase Orders and Invoices instantly

What You Get

- Go Purchasing – Activity
- Go Purchasing – Request
- Go Purchasing – Purchase
- Go Purchasing – Approve

As part of a broader Integrated Workplace Management System (IWMS), Go Purchasing is seamlessly integrated with an extensive range of facilities management tools under a single, unified software platform.

The five pillars of AiM IWMS:

- Real Estate and Property Management
- Space Management
- Operations and Maintenance
- Capital Planning and Project Management
- Energy Management
